Interview guide

Behavioural (STAR) probes for the role-critical competencies, grounded in the candidate's lower-rated answers. A screening aid; record evidence and your own rating.

◆ Digital & Data Fluency

1. Tell me about a time when you had to adopt a new software platform or digital system in your work. What was the situation, how did you approach learning it, and what happened?
2. Describe a situation where you needed to extract insights or make a decision using data or analytics. What steps did you take and what was the outcome?
3. Can you share an example of when a technological tool or system was introduced that changed how you worked? Walk me through what you did and how it turned out.

Evidence / rating (1-5): _____

◆ Planning & Prioritisation

1. Give me an example of a week when you had multiple competing demands on your time. How did you decide what to work on and in what sequence?
2. Describe a time when you received several new requests or tasks simultaneously. What process did you use to organize your workload and what resulted from that approach?
3. Tell me about a situation where you had to balance urgent tasks with important longer-term projects. How did you manage your time and what was the outcome?

Evidence / rating (1-5): _____

◆ Coaching & Talent Growth

1. Describe a time when a colleague or team member came to you with a work challenge. What was your approach to helping them and what was the result?
2. Tell me about an occasion when you supported someone's professional development. What did you do specifically and how did it turn out?
3. Can you share an example of when you helped someone build a new capability or skill? Walk me through your role and the outcome.

Evidence / rating (1-5): _____

◆ Emotional Regulation & Empathy

1. Tell me about a time when you faced a stressful or high-pressure situation at work. How did you respond and what was the result?
2. Describe a situation where you noticed a colleague or candidate was experiencing difficulty or discomfort. What did you observe, what did you do, and what happened?
3. Can you give me an example of a challenging interpersonal interaction where emotions were running high? How did you handle yourself and what was the outcome?

Evidence / rating (1-5): _____

◆ Sound Judgement

1. Describe a time when you had to make an important decision without having all the information you would have liked. How did you approach it and what was the result?
2. Tell me about a decision you made that had broader implications beyond the immediate issue. Walk me through your thinking process and what happened afterward.
3. Give me an example of when you faced a choice between waiting for more information or moving forward with what you had. What did you decide to do and why, and how did it turn out?

Evidence / rating (1-5): _____

◆ Relationship Networks

1. Tell me about a time when you needed to establish a working relationship with someone outside your immediate team or department. How did you go about it and what resulted?
2. Describe a situation where you proactively built a connection with someone who later became important to your work. What prompted you to do so and what was the outcome?
3. Can you share an example of how you've expanded your professional network within an organization? What specific actions did you take and what came of it?

OVERALL SELF-RATING

2.83 / 5 · Developing

Strategic & Commercial Reasoning

1.0 · Critical Gap

◆ Sound Judgement

1.0 / 4.0 · Critical Gap

Makes timely, balanced decisions under incomplete information, accounting for risk, stakeholders, and second-order consequences.

A self-score of 1 across all decision-making statements reveals significant uncertainty in making timely, balanced judgements under ambiguity, with the candidate acknowledging they delay decisions until certainty is achieved and that others may not trust their judgement on difficult calls, far below the role requirement of 4.

Innovation & Complexity

1.0 · Critical Gap

◇ Digital & Data Fluency

1.0 / 3.5 · Critical Gap

Applies digital tools, automation, and data analysis to improve how work gets done and decisions get made.

The candidate rated themselves at the minimum level (1) across all four statements, including acknowledging they avoid new technology, indicating minimal comfort or engagement with digital tools, data, or automation—substantially below the role requirement of 3.5.

Delivery & Execution

2.0 · Requires Focus

◇ Planning & Prioritisation

2.0 / 3.5 · Requires Focus

Sequences and resources work so the most important commitments are met in line with organisational goals.

Uniform ratings of 2 across all items suggest the candidate sees themselves as inconsistent in planning discipline, acknowledging they tackle tasks as they arrive rather than systematically prioritising by impact, falling short of the 3.5 target for this role.

Influence & Communication

3.0 · Developing

◆ Clear & Adaptive Communication

4.0 / 4.0 · Proficient

Conveys complex, strategic content clearly, tailoring message and mode to different audiences.

The candidate reports strong alignment at level 4 across all statements, including tailoring messages and explaining complexity clearly while acknowledging difficulty in simplification, meeting the exact threshold expected for adaptive communication in this position.

◆ Relationship Networks

2.0 / 4.0 · Requires Focus

Builds and sustains useful internal and external relationships that create access, insight, and influence.

The candidate rated all networking behaviours at 2, acknowledging they keep mostly to their own team and contacts rather than proactively building or investing in broader organisational relationships, indicating a substantial gap against the target of 4 for this connector role.

Leading & Developing Others

3.5 · Proficient

◇ Coaching & Talent Growth

3.0 / 3.5 · Developing

Develops others toward their potential and the organisation's needs through feedback, stretch, and support.

Consistent self-ratings of 3 across coaching behaviours suggest moderate engagement in developing others and supporting growth, though the candidate also acknowledges a tendency to solve problems directly rather than coaching through them, slightly below the 3.5 expectation.

◆ Trust & Credibility

4.0 / 4.0 · Proficient

Earns confidence through honesty, consistency, and follow-through, becoming someone others rely on.

Consistent self-ratings of 4 signal strong perceived reliability and honesty, with the candidate reporting that people rely on them to follow through and earn trust, though they also acknowledge occasional doubts from others, matching the role expectation exactly.

Integrity & Character

3.3 · Developing

◇ Emotional Regulation & Empathy

2.0 / 3.5 · Requires Focus

Recognises and manages own emotions and reads others', responding in ways that fit the situation.

Uniform ratings of 2 indicate the candidate perceives their emotional regulation and empathy skills as limited, acknowledging that emotions can get the better of them and that their ability to read and respond to others' feelings is underdeveloped relative to the 3.5 target.

◆ Ethical Conduct

5.0 / 4.0 · Exceptional

Acts honestly and fairly, within the spirit as well as the letter of professional and regulatory standards.

The candidate rates themselves at the maximum level of 5 on all integrity statements, including upholding standards under pressure and doing the right thing despite difficulty, exceeding the role expectation of 4 and suggesting a very strong self-reported ethical orientation.

◇ Cultural & Inclusive Sensitivity

3.0 / 3.5 · Developing

Understands and respects diverse norms and perspectives, and works inclusively across them.

Uniform ratings of 3 suggest the candidate views themselves as respectful and adaptable across diverse perspectives, though they acknowledge some expectation that others fit their way of working, positioning them just below the 3.5 threshold for inclusive sensitivity in this role.

Customer & Stakeholder Focus

3.5 · Proficient

◇ Customer Orientation

3.0 / 3.5 · Developing

Understanding and anticipating customer needs and delivering exceptional, reliable service.

Consistent ratings of 3 reflect a solid but not exceptional customer focus, with the candidate reporting they anticipate needs and use feedback while acknowledging a tendency to lose customer sight under internal pressure, marginally below the 3.5 target.

◆ Stakeholder Management

4.0 / 4.0 · Proficient

Identifying, aligning and managing internal and external stakeholders with tact and trust.

The candidate presents uniform self-ratings of 4 across stakeholder behaviours, reporting confidence in mapping expectations, maintaining communication, and building trusted relationships while also acknowledging avoidance of difficult conversations, aligning precisely with the role standard.

This is an indicative self-report fit against the target role - a screening signal, not a hiring decision. Corroborate with a Reflect 360 (others), structured interview and work evidence.

Methodology: Persona is a 1-5 behavioural self-report scored per competency (reverse items mapped), averaged by cluster, and compared against a target role and, where set, a norm group.
